Dear Valued Friends and Customers,

We would like to invite you to the Turnpike Creek Farms 24th Annual Spring Performance Tested Bull and Female Sale. It's hard to believe how the years have flown by since our first sale in March of 1999. Many sales and more importantly friends have developed over these years. Our commitment to the livestock industry has changed little since our beginning. Our goal has always been to provide problem free livestock that will make you money, especially emphasizing low birth, high weaning calves with optimum milk traits, and mothering ability.

As we move to our 42nd year in the Angus business, we hope that you will buy into a program that has stood the test of time. The fifth generation of the family is taking over with many of the responsibilities of our farm's operation. This is truly a family production from hay baling in the summer to sale preparation in the Spring. This past year, we have welcomed two new members into our family, Sarah and Holly, as our two sons, Drew and Daniel, got married this past winter.

The auction will begin at 12:30 p.m. and lunch will be provided after the sale. Included in this sale book is a basic set of EPDs and calculation however a more comprehensive view can be obtained from the American Angus Association website www.angus.org using the animal search with the registration number in this book.

Videos of cattle will be available before the sale through LiveAuctions.tv.

Please feel free to call Derek at (229) 315-0986, for more information or view Turnpike Creek Farms on Facebook or online at turnpikecreek.com for more sale information.

Thanks,
Doug Williams
